

Get out of your chair and into a RS Venture Connect

**U.S. PARA SAILING
CHAMPIONSHIP**

June 19- 24, 2018 ◦ Sail Newport ◦ Newport, RI USA

Attention Sailors:

The doublehanded event at the Clagett and U.S. Para Sailing Championship will be raced in the RS Venture Connect. The Venture Connect for the first time in event history. The Venture Connect is the boat being sailed at the 2018 Para Sailing World Championship this summer.

You Can Make a Difference!

This is the perfect opportunity to sail this two-person (side-by-side seating) boat and experience the same short course format being used at the Para Worlds. The Clagett and U.S. Para Sailing Championship will be the last event this year whose results and data will be collected and included in the International Paralympic Committee (IPC) application for Paralympic Sailing reinstatement for the 2028 Games. Participation in the RS Class along with feedback from you, the sailor, is critical in this effort.

RS Sailing will have representatives on hand throughout the event and they will provide:

- Four boats available for shared charter
- The charter boats will have side-by-side seating and asymmetrical spinnakers
- Two of the four boats will be outfitted with servo controls

Boat Charters: All RS Venture Connect Charters will be handled through US Sailing, following submission of registration
